Description:

FARSINCE High Quality Angled HDMI Male to Female Panel Mount extension Cable is the perfect solution for combining two HDMI cables to achieve connectivity through a panel. This allows the user to provide display connectivity from a source that is contained within a secure location. The cable is short and designed for minimal signal loss. It supports the video resolutions up to 4K@60Hz (2160p). High quality materials and construction ensure a lifetime of dependable performance. Fully-shielded conductors provide complete immunity to EMI/RFI interference, and 24-K gold plated connectors ensure superior signal transfer.
