

HDMI to DVI Panel Mount Cable, Male to Female Extension Cable

Description:

FARSINCE HDMI to DVI Panel Mount Cable, Male to Female Extension Cable is an ideal solution for connecting the video output of an HDMI enabled Chromebook or laptop to a DVI display, or from DVI source device to an HDMI display. It transmits video signals from your computer to a monitor for video streaming or gaming. Connects and configures your monitor for an Extended Desktop or Mirrored Display. Supports a high definition resolution up to 1920x1080@60 (1080p Full HD) including 720p and 1600x1200 for HD monitors or projectors. High quality materials and construction ensure a lifetime of dependable performance.
