

Panel Mount DisplayPort Cable Extension Male to Female

Description:

This groundbreaking solution enables you to merge two DisplayPort cables to achieve seamless through-panel connectivity from a secure location source. Its short, precise design ensures minimal signal loss. The cable supports 4K and 1080P video resolutions and delivers unblemished audio pass-through for uncompressed digital 7.1, 5.1, or 2 channels.

Adhering to DisplayPort 1.2 standards, with fully-shielded conductors for EMI/RFI interference immunity and 24-K gold-plated connectors for superior signal transfer, it ensures dependability.
