

40Gbps USB4 Thunderbolt 3 Male to Female Ethernet Panel Mount Thunderbolt Extension Cable

Description:

This high-performance cable is the perfect solution for extending Thunderbolt 3 & USB4 connectivity through a panel, ideal for secure location display connectivity.

It is designed for minimal signal loss, effectively transmitting audio and video signals for top-notch video streaming or gaming experiences.

Our thunderbolt extension cable features a screw design for secure connections and supports 40Gbps for lengths less than 0.8m or 20Gbps for lengths less than 2.0m.

It can power two 4K resolutions or a single 8K resolution, making it an indispensable asset for your tech arsenal.

Item no. FSP2014

Specification:

- Connector 1: USB4 Type-C Male
- Connector 2: USB4 Type-C Female with screw locking
- Gold plated contact, Nickel plated shell
- Nut and Screw type: #4-40 nickel plated
- Hole Pitch: 25 ± 0.5 mm
- Cable Conductor: Bare Copper
- Cable Type: Coaxial
- Wire Gauge: 32AWG
- Shielding: Aluminum Foil, Braiding
- Housing: Injection molding
- Jacket: PVC
- Outer diameter: 4.5mm
- Transfer rate reaches to 40Gbps
- Support USB quick charging up to 100W
- Support up to a 8K@60Hz resolution
- Works effortlessly with all USB-C devices, and compatible with USB 2.0, 3.2 Gen 1, and 3.2 Gen 2
- Compliance: RoHS, REACH

Order Information:

- FSP2014: 40Gbps USB4 male to female Ethernet Panel Mount Extension Cable, 0.3m, 32AWG, OD4.5mm
